**Touchless  
stoup**

## Touchless stoup

- Church stoup with automatic dispenser of Holy Water.
- The dispenser doses pure Holy Water directly onto the hands (without immersion).
- Each unused drop flows into a separate container.
- This guarantees hygiene, comfort, and safety of the faithful.
- Made of powder-coated stainless steel.
- Standing version (dispenser + stand)
- Hanging version (dispenser only).
- Wariant narożny (possibility of hanging in the corner of a room).

### Colors to choose from

- antique cooper
- white
- black
- color palette (RAL pattern book) – optional.

### Dimensions of the stoup with a base in the standing version:

- height with base: 155 cm
- width: 28 cm
- depth: 16 cm
- base: 41 × 41

### Dimensions of the hanging stoup:

- height: 100 cm
- width: 28 cm
- depth: 16 cm
